## JAPANESE READY TO FIGHT CHINA; ENVOYS UNEASY

Secret Treaty In Orient At Bottom of Latest Peace Crisis

## CHINA THREATENS TO MAKE PUBLIC, SECRET TREATIES

Japs Insist That China Must Help Her. Grab German Colonies

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 11.—Japan's attitude toward China in the peace conference is causing grave apprehension among the representatives of the other associated powers. According to official diplomatic information reaching here, Japan virtually has threatened war if China makes public secret treaties between the two countries and fails to carry out an agreement to make Japan the successor of Germany in rights, property and concessions held by Germany at the outbreak of the European war.

China is relying upon the peace conference, where her delegates are said to have made an excellent impression, and is seeking support from the United States and Great Britain.

Advices from the Orient through diplomatic channels say American Minister Reinsch is seeking to reassure the Chinese foreign minister with statements of the friendship of the United States government and was told frankly that the foreign minister did not see how at this time the United States or Great Britain could divert their attention to the Orient when the European situation demanded so much attention.

When the Chinese peace delegates arrived in Paris the information now available discloses, they reported that their copies of the secret treaties were stolen from their baggage while they were passing through Japan and consequently they were unable to carry out their purpose of making them public at the conference.

Officials of the state department declined to make any informal comment today on the situation. The impression was given that the whole matter was being handled in Paris.

According to the reports received here threats against China were conveyed to the Chinese minister of foreign affairs by the Japanese minister in Peking in thinly veiled terms. The Japanese minister is said to have pointed out that Japan had an army of more than a million men idle at home, fully equipped with arms and munitions enough to conduct a long war, and to have pointed out that Japan had more than a half million tons of shipping, with the intimation that this would be ready on short notice for active work. He also is said to have referred pointedly to large sums of money owed to Japan by China, and to the fact that China had been unable to live up to financial agreements.

Upon arriving in Paris without the copies of the treaties which they had been instructed to use in seeking to break Japan's grip, the Chinese delegates made verbal reports of the existence of these treaties to some of the peace delegates of the other countries. This led the Japanese authorities to demand of China that she disclose this action on the part of her delegates and that she keep secret the treaties.

Some of the secret treaties have not yet been ratified by the Chinese government, although Japan has ratified them and according to today's advices, the Japanese government is bringing every pressure to bear on China to ratify them before anything can be done at Paris. The most important of the treaties, as yet unratified by China is the agreement of September 24, 1918, which grants Shantung to Japan and admits Japan as the successor to Germany's rights, concessions and properties in the Shantung district. This includes railways, mines, and other valuable property and the rights to them for a long term of years, according to the Chinese claim. Japan already has possession under treaties and agreements of two-fifths of the iron ore deposits of the entire Chinese republic and is seeking possession of the other three-fifths.

Although they so far have been able to resist the Japanese demands, the Chinese officials now say that the pressure is becoming unbearable. The Chinese president has approved by cable the action of the Chinese delegates in Paris in announcing their willingness to make public the treaties in spite of Japanese pressure.

China has asked, depending upon the impression made upon the accredited delegates from other countries, that the peace conference see the 21 demands made upon China by Japan in 1915 be revoked and that the Chinese republic be removed definitely from the influence of Japan. The complete independence of China is asked under the protection of the League of Nations.

The account of Minister Reinsch's visit to the Peking foreign office says he reaffirmed the friendship of the United States for China, and desired to give active support in her desire for independence. He learned, however, that the Japanese minister in Peking reached the foreign minister a few minutes before him and conveyed the intimation of what would happen if Japan's demands were not met.

Disputes received here, describing the situation at Paris, declare that the Japanese attitude is causing real alarm in official circles of European powers and the United States. They speak of constant efforts of Japan to acquire concessions in China and Siberia and of her demand for the Caroline and Marshall Islands and other islands in the Pacific.

**JAP ENVOYS SAY SHE WILL KEEP LOOT**

(ASSOCIATED PRESS TELEGRAM)

Paris, Feb. 11.—Japan has reiterated her intention to hold the Marshalls and Carolin Islands in the Pacific which

she took from Germany during the war as well as to insist upon the execution of her agreement reached in September last with China regarding Shantung. A formal statement to this effect by Japanese representatives has been made public here.

It is not considered that the China-Japan controversy or Japan's claims regarding the Pacific Islands are likely to delay the society of nations project.

It seems probable, however, that these matters will be considered later by that organization.

Considerable space is being given by the Chinese press to the Chinese-Japan controversy by the French newspapers.

To meet doubts cast upon its authority, the Chinese delegation has published cablegrams received from Shanghai, the provincial legislature of Shantung and the Chinese society for a league of nations at Peking. These cablegrams overwhelmingly favor the activities of the delegation and direct that there be restitution to China of properties in Shantung.

## NO REVIEW OF 37TH DIVISION

Transportation Problem Causes Abandonment of Plan For Big Review of Troops.

There seems to be little probability that Newark people will be given an opportunity to see the Licking county parades in parade with their divisions.

According to the latest information from Washington, it is stated that parades of complete divisions of the American army returning from France can be held out in a few days in the immediate vicinity of the departing port.

The response to the request of many other facilities for divisional reviews of its own troops will have to be arranged of not more than a regiment.

War department officials were said to have found that serious disruption of rail traffic for several days, grave danger of congestion at ports of arrival and a resultant slowing of the whole process of demobilization would be involved in an attempt to carry a complete division to even such a city as Chicago, which is supplied with large terminal facilities.

Definite plans for a parade in Washington of the Rainbow division probably will be taken under consideration when it is assigned for return.

Only a part of the 37th division of the Ohio National Guards will be paraded through the streets of Columbus on its way to Camp Sherman to be demobilized.

Small details will be left to be arranged to handle it at Cincinnati and Cleveland.

In each instance the troops chosen to parade will be those whose homes are nearest to the place where the parade occurs.

Adjutant General Layton has been informed that the 37th will probably leave France about March 1, and should arrive in Camp Sherman about the middle of March.

## TELLS KIWANIANS ABOUT FURNITURE

Dealer Gives Resume of Manufacture and Sale of Furnishings For Homes In Newark.

Dr. C. L. Wyeth presided at the Kiwanis meeting Monday, in the absence of President Gard. The meeting was well attended. Girard Besenecny read a speech he had written, and at its conclusion one of the members recommended the binding of the speech.

Concerning Besenecny, with whom he is thoroughly familiar, that of furniture, Mr. Besenecny told the audience in part that the manufacture of it is shifting from Michigan to the south; this is largely due to the fact that now the Michigan factories have to import wood, whereas before it stood close at hand. During the past year Besenecny Brothers bought goods from 315 different firms, which gives some idea of the number of outside business organizations which contribute to the comfort of Newark homes. A growth in the size and cost of home outfitts is noticeable in the furnishing line.

Following this talk Chairman Wyeth said he couldn't endorse the practice of buying away from Newark; if Newark did not have exactly what he wanted, he did without the extra quality. Newark merchants should try to find out the likes and dislikes of their trade and keep in stock the things as they are.

A letter from Kiwanis Charles Hewitt, former manager of Kresses, now in M. C. A. work in France, was read. He says the word most spoken by the soldiers is, "When do we go home?" D. Holler was silent booster and two members received bath room accessories as his boost.

## WHITNEY BECOMES C. OF C. ASSISTANT

Former Newark Boy Comes From Bellefontaine to Take Position In Office.

Merion R. Whitney of Bellefontaine will arrive in Newark Monday to assume new duties as assistant secretary of the Chamber of Commerce.

Mr. Whitney has been secretary of the Bellefontaine Chamber of Commerce and his duties there have fitted him to qualify in the work here. He is assistant to T. J. Appleyard Jr., the local treasurer.

Mr. Whitney is 25 years old and he was graduated from the Newark High School took two years course in the W. T. Fenton Finance School of the University of Michigan and the business course including law at the University of Illinois.

The work coming before the chamber of commerce has been to promote, marking necessary the help of the former committee, according to a Reuter dispatch.

## SEATTLE UNIONS RETURN TO WORK SOLDIERS ON DUTY

General Walkout Was to End at Noon Today By Agreement

## BUTTE MINERS HOPE FOR BIG SYMPATHETIC STRIKE

Big Smelters May Close Down Until Ore Production is Resumed

(ASSOCIATED PRESS TELEGRAM)

Seattle, Wash., Feb. 11.—Seattle's general strike—the first in its kind and scope in America—was to end at noon today, the hour set by the general strike committee for the workers to return to their places.

The strike was called last Thursday when 30,000 men and women quit work in sympathy with the strike of 25,000 metal trades' workers, chiefly of the shipyards whose action has tied up temporarily Seattle's large shipbuilding plants.

It was estimated about 5000 union workers who went on strike Thursday last returned to their posts yesterday, more returned this morning. Street car union executives refused the committee's request and voted to maintain car service which seemingly was in full operation.

Military forces, it was said by army officers, will remain on duty here until all danger of possible disorder is ended.

**MARTIAL LAW NOT NEEDED.**

(ASSOCIATED PRESS TELEGRAM)  
Butte, Mont., Feb. 11.—With a declaration by Major A. M. Jones, commander of the federal troops stationed in Butte, that there was no necessity for declaring martial law in connection with the strike of members of the Butte Metal Miners' Union (Independent), and the Metal Mine Workers' Industrial Union, No. 800, I. W. W. interest center today in the attitude of the other union labor organizations relative to the calling of a general strike.

The walkout of the miners in protest of the recently-announced wage reduction of \$1 a day.

Notification by the Anaconda Copper Mining company to independent shippers that the customs are not to be received at the smelters at Anaconda and Great Falls was taken by the shippers to indicate that the Anaconda company is preparing to close down the big smelters at these cities until ore production is returned to a normal basis.

**SOLDIERS ON GUARD.**

(ASSOCIATED PRESS TELEGRAM)  
Jerome, Ark., Feb. 11.—Jerome passed a night of apprehension following a day of turmoil precipitated by a 75 cent cut in the wages of the 4000 copper miners and smelter men of the Jerome district.

Lieutenant John Sellers, commanding 25 men from the Third infantry regiment, held himself in readiness throughout the night to prevent the execution of a threat made by a strikers committee, said to be composed of 1 W. W. members, to break into the jail and release 29 men held there on charge of traffic obstruction.

This decision was reached by the committee at a meeting held Monday night in the council chamber.

The visit to Columbus depends upon a telegram which will probably be received today by Manager Appleyard of the Chamber of Commerce from T. C. Powell, director of the committees of the railway administration, the subways proposed having been referred to him. Should he approve of the starting of the work, he would recommend it to the railroads involved, the Pennsylvania and the B. & O. systems, and would probably insist upon the railroads accepting the recommendation and giving the citizens of Newark and vicinity relief from the situation as it now exists.

**W. C. CARL HEINTZ DIES IN GERMANY**

Member of Battery B, 324 H. F. A. Succumbs to Pneumonia January 22.

Word was received today by Mr. and Mrs. Oscar Wandler of Pine street, of the death of private Carl J. Heintz, in Germany with the army of occupation.

Private Heintz left this country with Battery B, 324th F. A. (Heavy) with the 32nd division, but has been attached to the 22nd Division in the army of occupation. The notice of his death was received by his sister in Coshocton.

While in Newark Heintz was employed at the Buckeye Rolling Mill and lived at the Wandler home. He was 23 years old. He died on January 22, of pneumonia according to the notification.

## WIRE BRIEFS

(ASSOCIATED PRESS TELEGRAM)  
Washington—Revision of sentences imposed by general court martial for conduct of the war is to be made.

Paris—The supreme war council continued discussion of the terms of the renewed armistice with Germany without reaching a decision.

Paris—The Daily Mail's Paris correspondent is credited with saying that the Germans have failed to live up to the armistice terms in many instances.

Washington—Senate passed without a record vote house bill providing for a reduction of 15 percent in war appropriations and contract authorizations and making deficiency appropriations of \$20,000,000.

Washington—A temporary military commission was appointed for the annual army reparation bill reported to the Senate.

Washington—Twelve thousand miners are idle as a result of a strike.

Washington—Reelection of the most recent president of the Chamber of Commerce will be voted on by the board of directors, according to T. J. Appleyard Jr., the local treasurer.

The work coming before the chamber of commerce has been to promote, marking necessary the help of the former committee, according to a Reuter dispatch.

"HERE HE COMES, MATES—CLEAR FOR ACTION!"

## MAY ASK GOVERNOR COX TO URGE CONSTRUCTION OF SUBWAYS HERE

Committee Awaits Word From Washington Rail Official Before Deciding Upon Visit to Columbus—Trip to Washington May Be Made.

All members of the committee will be invited to go to Columbus for the conference. Governor Cox has offered his good offices to assist in bringing about the early construction of the subways in case it is recommended by the committee's administration.

The committee is composed of Chairman W. H. Smith, City Solicitor Henry Averhart, Sid Smith, Charles Stasel, J. R. Ashbrook, Morris Ankele, Wm. M. Argan, Wm. Wulfford, Harry Miller, Frederick Vogelzang, C. H. Cole, Rev. R. M. O'Boyle, Phil Baker, J. R. Fitzpatrick, Koderic Jones, Ralph Norrell, Frank Bolton, Wm. E. Miller, E. M. Schmid, T. J. Appleyard, Jr., E. M. Bougher and Charles Kent.

Nearly all members of the committee were present when it was decided to send a delegation to Columbus to confer with Governor James M. Cox and the state railway commissioner on the situation and if necessary to Washington to take up the matter with the national railway administration.

Judge Hugh L. Nichols, chief justice of the supreme court of Ohio, arrived in the city this morning and presided over a meeting of the Licking county bar.

The object of the meeting was to devise a method of reducing the number of cases now pending upon the docket of the common pleas court.

After thoroughly going over the situation and finding that the regular court room is without heat because of one section of heating system being broken he called the county commissioners and they agreed they would use every effort to secure sufficient heat to make the regular court room comfortable.

After discussing the situation with the members of the bar, and obtaining their promise to do in every way co-operate to clear up the docket, he promised to send an extra judge to Newark on next Monday.

Judge Nichols stated that he probably would not be able to stay at least until the first of the month. So that for the next 20 days at least, Judge Fulton and Judge Kyle will both be holding court here.

**WILL REAPPRAISE COUNTY REALTY NO ON SUFFRAGE**

Commissioners Have Notified Auditor Wilson to Secure Real Value of Property.

The Licking county commissioners have ordered a reappraisal of realty for the county auditor. Fred S. Wilson, who will have charge of the inauguration of the work, which means that a stupendous task confronts him.

The reappraisal is not ordered for any purpose other than to secure the real value of property under the Smith act for tax law.

Under the last reappraisal, which was in 1919, much less a great deal of some assessment, it is believed that the real value of property in the county is about \$1,000,000.

It is believed that the commissioners will not be able to do this in time to meet the Smith act.

The commissioners will be able to do this in time to meet the Smith act.

The commissioners will be able to do this in time to meet the Smith act.

The commissioners will be able to do this in time to meet the Smith act.

The commissioners will be able to do this in time to meet the Smith act.

The commissioners will be able to do this in time to meet the Smith act.

The commissioners will be able to do this in time to meet the Smith act.

The commissioners will be able to do this in time to meet the Smith act

**FRENCH NATION IS  
WHOLLY SELFISH**

Reap Rich Harvest From  
Allied Soldiers and  
Hang On To Coal

Are Intolerant of Own  
Countrymen Driven  
From Home by War

By Dr. Wm. Henry Lewis

Bordeaux, France, Jan. 22. By the time this letter reaches you I shall have been over here a year (although it does not seem so long). When I left Newark I expected to be gone at least two years, but now hope that I shall be able to return sooner. Like all the A. E. F. I am willing to see the shores of America most any time.

I do not know if I can give you any news of particular interest since there seems to be more of interest in the states now than over here, at least to those of us who are over here. I do not know just what news you are getting, but can still only give you general affairs as there are details of information which are best left unpublished even yet.

The end of the war came unexpectedly over here, as well as over there, although we knew that at the date in Jan. 1918 the allies had a tremendous number of men and supplies back of the lines which everyone knew was being saved for a real push and that when that push came someone was going to move. All the camps and billets back of the front were empty and the men poured forward in steady streams. Guns and supplies moved up from the ports in transports as fast as engines could be secured while all the harbors were filled with scores of freighters waiting to be unloaded. Truck trains left daily from the ports all loaded and just lined over the side of the ship only a few days before. They traveled across France under their own power and added thousands of transports to those already at that front.

Even at the time of the armistice we knew that the really great effort to annihilate the German army was yet to be made and the military men of France and England at least were not sure that a great many had not been lost in leading up to that armistice.

Not very shortly after the annihilation of the boche would have been complete and we would not have had such a cosy party to deal with as now. He would then have had the so greatly needed knockout blow of having time called on him and so saving his face. It is another one of those points in which the fundamental facts do not get to the states for a long time as it will probably be with the realization of the seriousness of the situation last March. There are social and political conditions in this nation over here as in all nations which interfere with military crises and it was that factor which was full of potential danger last spring.

I was fortunate enough to have been in Paris by accident on armistice day and to have participated in the great celebration. It was a real celebration in a wonderful place for such an event. None of our American cities have such great squares where large crowds can assemble so advantageously so that it is very hard to appreciate the extent of such a mammoth demonstration. It is the very first instance of effervescence that we have seen in the part of the French in the course of the war.

There was no bulletin board or newspaper, no bulletin board or newspaper when newspapers came out, no extras. When Bulgaria, Turkey and Austria collapsed there was not the slightest ripple on the surface, although flags were hung from almost every window. That seems to be the usual expression of public emotion. However, on armistice day the lid came off and looked as if it would never be back in the right place again.

There has been a great relaxation in all lines of work in the A. E. F. since the armistice. There is no longer the keen need of effort and while all that is not lost there is not the push in it or enthusiasm. The men who have been here some time have had enough of the experience and those who have not yet found that there is no more war, however, for both parties there is not much like the U. S. A. to not think many of them realize that there may be no war ahead and if it would withdraw our forces too soon.

Another factor which contributes to war dissatisfaction is the attitude of our boys toward the French. To put it mildly, the French people are not very popular with the bulk of the armistice men by this the French civilian population and not the military—two very different propositions. Americans have always been regarded over here as legitimate prey before the war because they who came over were naturally the more wealthy and were not at all wise in spending money. Hence, all Americans are wealthy and the doughy is fitting it out to his disadvantage. In addition he does not understand their

language which leads to further complications. However, there is no doubt that the boys are taken advantage of most frequently and whenever an American is concerned the price is surely enough.

Again, there is no denying the fact that the French are a different people than ourselves regardless of all claims that we are so alike. If we are I have failed to find many of the points of similarity. Their habits of life, business, social customs, morals, are all quite different from us, not to mention what we consider the almost total lack of enterprise and push. I know that this is quite different from the accepted idea in the states that the A. E. F. has been the most enterprising and the most daring of people of people ever to have approached another with such a spirit of hard will and genuine desire for friendship as did our boys who set foot on the soil of France. But I am sorry to say that they are most of them leaving with a very different attitude. Some of it may be explained by the different customs and language, but the larger part by the fact that the men feel that they have given all for France and in return have been exploited. A great part of this is true and might have been avoided by a more cordial policy on the part of our allies.

And that brings me to the question of further help by the American people to the French people as a nation. I cannot now with wisdom say all on this subject that is to be said, but I can say that the A. E. F. feels that France no longer stands in need of our financial contributions. There is very little doubt that she is richer today than for a long time past. Stories about her being bled white have all been fables for propaganda. There has always been food in all the places where I have been all over France—good food and plenty—and this is the verdict of all with whom I have talked. I have seen some stories in American papers recently that in the rural districts it was very difficult to get even bread. Well, if at any time one wanted a good meal he had only to go into the country and get all he wanted.

Money has been pouring into France in fabulous sums both from other governments and from the troops who spend their all in the neighborhood where they are quartered. The shop people and hotel and lodging class have never had such a harvest while the factory workers, like our own, have never had such wages. The farmer has been getting similar returns for his products. There is money in the country, but they have a great herd of salting it all down and as long as someone else will spend it for them they will not trouble to spend their own. The scotch have nothing on them. The French government has only had four long issues all the rest being borrowed. You may draw your own inferences.

There is no doubt that there is a great need of help among the refugees and a great amount of rebuilding, and so forth, needed in the devastated districts. But the answer is let them do such work themselves; let the many who have the means contribute to those who have not instead of hanging on to it; let the people who are now released from war work and arms have employment. The civilian population of France has always regarded the refugees as a nuisance to be tolerated and the districts where they have been quartered object most seriously to the added tax charge however small. This is the feeling toward people who were once their own, but have lost their all and who now know that they can compete by fate to depend upon the charitable giving of people who dislike them. This is one of the fundamental reasons for the lack of real sympathy between our men and the French civilians.

There cannot be among this people the great spontaneous outpouring of mutual aid which has been so wonderfully demonstrated in our own nation—they do not seem to be capable of altruism when it comes to something which touches their own purse and comfort. This may seem quite the contrary to all that we have been led to believe in America, but—ask the A. E. F. Unfortunately much of the information we have been fed on has been propaganda or the observations of writers who were birds of passage; or, in the terms of the newspaper fraternity, so-called artists. Mind you, I do not want to say that there is no distress over here, but what we all say is that the French work out their own difficulties with their own money and their own help and in their own way. They have the means and the help enough to do all within reason. If we can supply money which we wish to put to such purpose, use it at home where it can be employed to better advantage, and I do not hesitate to say where it will be more appreciated.

As for the attitude toward the boche. Everyone is very apprehensive lest he be too easy. The spirit of war is inherent in the soil of Europe, it has become almost a habit—a something which we in the states cannot quite comprehend. There are so many international jealousies and age long hatreds that are not at all contain to be dispelled in a league of nations. It was our ignorance of such underlying facts which made us so slow to comprehend the real significance of this last struggle.

Now being the under dog, there is no reassurance but that of force that Germany will not dream of vengeance just as France has learned for that same revenge for 50 years. Since we have now learned that a civilization in Europe cannot be enjoyed by one own country merely as a spectator, more true in the future than in the past, it is all the more essential that we see that it is made physically impossible for the Teuton to ever again resume his natural inclinations.

Reasoning phrases or courteous treatment or generosity will never accomplish that end—only force of conditions applied over a long period. If you take the effort of the United States, the sacrifice of your army and the hopes for the future, do not allow any silly statement in the U. S. A. to permit any half-way measures to be meted out to the German. This army of ours has not been built for France nor for America, but for very practical purposes for America. No one in Europe will let us have our independence by that act they are prepared for their own, and at the same time prepared to make it ours. The French have learned that the only way to keep the boche in line is to make him fear the consequences of his actions.

## AMUSEMENTS

## GEM.

**Wednesday.**  
Do you want to see something different in motion pictures? Then turn your steps toward the Gem theatre Wednesday, where the cleverest, wittiest, merriest little pair of stars in all motion picturedom, Jane and Katherine Lee, will appear in the latest creation, "Swat the Spy." Here you may see clean-cut farce interspersed with charming touches of tender pathos and patriotism and genuine human feeling—

laughter and tears mingled in happy proportions—but with the laughter predominant and ever having the best of it.

## AUDITORIUM.

"Say, Young Fellow." Douglas Fairbanks introduces some novel photographic effects in his new picture, "Say, Young Fellow," which required specially built cameras and accessories. These were built by Chief Cameraman McCullough, who recently completed a tour of the world to personally investigate every make of photographic instrument. Mr. McCullough has been studying motion picture photography for 15 years, and the result

of his progress is evident in the latest Douglas Fairbanks picture, which will be shown at the Auditorium theatre, Thursday. The engagement is for three days.

## ALHAMBRA.

"I Want to Forget." Large crowds saw Evelyn Nesbit, in the William Fox Super-production, "I Want to Forget" at the Alhambra yesterday.

Have you loved one in khaki, who served "Over There"? One who crossed the seas in a transport, didn't he have thousands of other boys whose mothers loved them and whose sisters and wives have prayed for them? He

got "over there" safely, and you thanked God for it. Had you known his ship was in danger of being sunk on the high seas, and would you have done to prevent that calamity? If it had been asked of you, would you not have given your life that he might have been saved?

There was one woman in whose hands lay the power to save the lives of thousands of boys like your own. Her honor was at stake, but she made the sacrifice so that they might live. It is your duty to meet this heroine—she is Cora Deering. You will meet her in the person of Evelyn Nesbit in this wonderful production, the last screenings being seen today.

## "The Danger Zone."

William Fox is said to have made another find in the person of pretty Madeline Traverse, who comes to the Alhambra tomorrow in a Fox feature, "The Danger Zone." Miss Traverse was seen here last in "The Callaugh Case."

She will be more than welcomed by picture fans, by Alhambra patrons of the screen drama as Lola Dupre in this her first starring feature. Miss Traverse has been on the stage all her life. In this she depicts, with unusual force, the scenes built upon a beautiful woman to live down an unfortunate incident in her early life.

## Charlie Chaplin.

Charlie Chaplin will appear at both the Alhambra and Auditorium theatres on Thursday and for the two days following in "Shoulder Arms," his second million dollar comedy. His famousfeat, well known to Newark fun seekers, nearly caused one unit of the American Expeditionary Forces to disorganize.

## GRAND.

A stolen kiss wins for Marta, a little seamstress, her ambition to be mistress of a fine home and have fine clothes and jewels. Marta is dismissed, but gains the sympathy of a friend of the sculptor, who marries her. She then has everything she desired, but Lave. And to gain this she sacrifices everything and returns to her sewing machine in "Miss Ambition," the Vitagraph Blue Ribbon Feature, which will be seen in the Grand theatre on Tuesday and Wednesday. Corinne Griffith has the featured role in this fascinating romance.

## "Three X Gordon."

"Three X Gordon" will be seen in this city at the Grand theatre next Thursday and Friday for the first time and it comes with the managerial announcement that it is by all odds the best and most delightful comedy drama in which J. Warren Kerrigan has ever been seen.

## LYRIC.

DeVoe's Dainty Darlings showed to a very large crowd Monday night. Mr. DeVoe as black face comedian, holds his audience in one continuous round of laughter. Bobbie Fay will be remembered when he was in the Nancy Boyer show in this city. Mr. Le Van, as leading man, met with approval of all those who witnessed last night's performance. Mrs. DeVoe, leading lady, pleases every one with her winsome personality.

You never can tell about a girl with a rosy red mouth. Even she may give a withering smile.

## When the Baby Needs a Laxative--

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.

Dr. Caldwell's  
SYRUP PEPSIN  
The Perfect Laxative

## PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

## FREE SAMPLES

If you have never used Dr. Caldwell's Syrup Peppermint send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

## These City Physicians Explain Why They Prescribe Nuxated Iron

TO MAKE HEALTHIER WOMEN AND STRONGER, STURDIER MEN

NOW BEING USED BY OVER THREE MILLION PEOPLE ANNUALLY.

By enriching the blood and creating thousands of new red blood cells, it often quickly transforms the flabby flesh, toneless tissue and pallid cheeks, of weak, anaemic men and women into a glow of health. Increases the strength of delicate, nervous, run-down folks in two weeks' time in many instances.

It is conservatively estimated that over three million people annually in this country alone are taking Nuxated Iron. Such astonishing results have been reported from its use both by doctors and laymen that a number of physicians in various parts of the country have been asked to explain why they prescribe it so extensively, and why it apparently produces so much better results than were obtained from the old forms of iron-ganite iron.

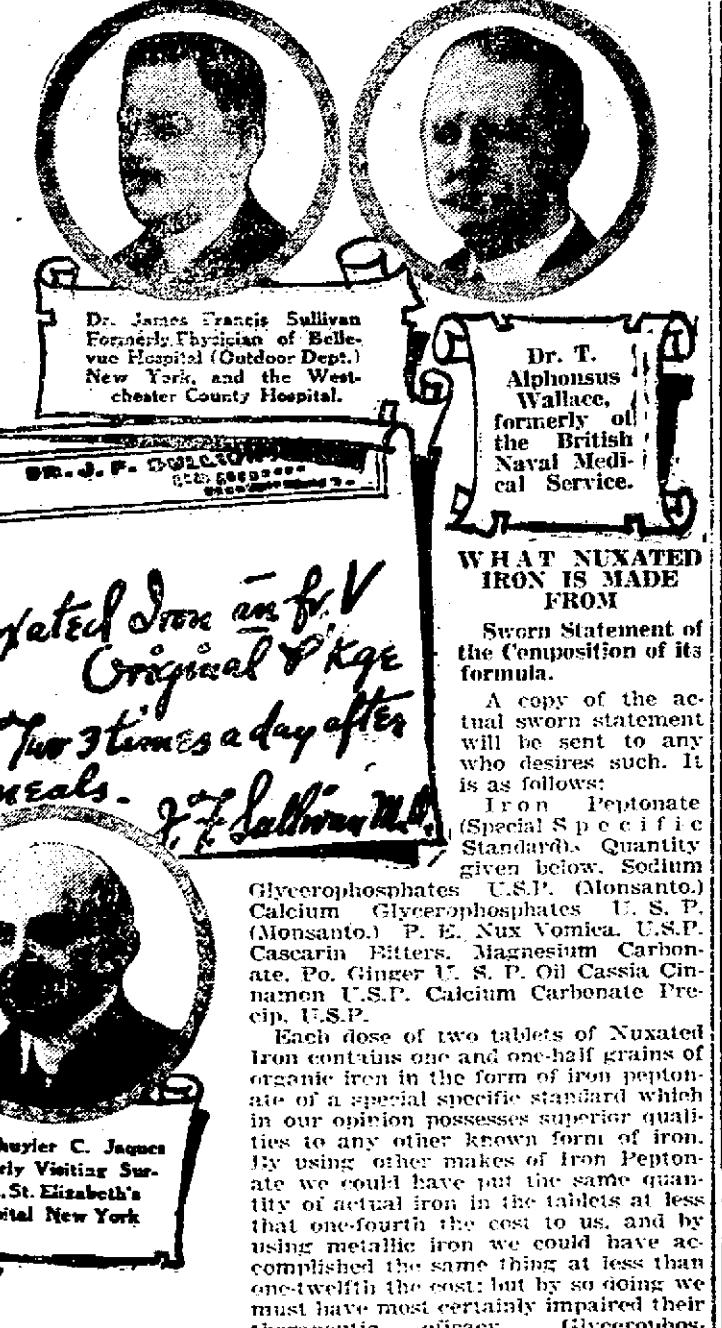

Extracts from some of the letters received are given below:

Dr. Ferdinand King, a New York Physician and Medical Author, says: "There can be no vigorous, tan, or rosy-cheeked women without iron. I call it the panacea, the elixir, the means of iron deficiency. The skin of anaemic men is pale; the flesh is flabby. The muscles lack tone, the brain fogs and the memory fails, and they become weak, nervous, irritable, despondent and melancholy. Where the iron goes from the blood of women the roses go from their cheeks. I have strongly emphasized the fact that doctors should prescribe more organic iron—Nuxated Iron—for their nervous, run-down, weak, haggard looking patients."

Dr. A. J. Newman, late Police Surgeon of the City of Chicago and former House Surgeon, Jefferson Park Hospital, Chicago, in commenting on Nuxated Iron, says: "This remedy has passed through my own tests of it to exceed any preparation I have ever used for creating red blood, building up the muscles and correcting digestive disorders."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, Outdoor Dept., N. Y., and the Westchester County Hospital, said: "In my opinion a careful examination of the formula of Nuxated Iron by any physician or pharmacist should convince him that it is to be placed among the very highest class and greatest of the medical preparations known to medical science. It exceeds all others I have ever used for building up the system and increasing the red blood corpuscles, thereby enriching and fortifying the blood against the ravages of disease."

Dr. Schuyler C. Jaques, formerly Visiting Surgeon of St. Elizabeth's Hospital New York

## WHAT NUXATED IRON IS MADE FROM

Sworn Statement of the Composition of its formula.

A copy of the actual sworn statement will be sent to any who desires such. It is as follows:

Iron Peptonate (Special Specie Standard). Quantity given below. Sodium Glycerophosphates U.S.P. (Monsanto) Calcium Glycerophosphates U.S.P. (Monsanto) P. E. Nux Volmea, U.S.P. Cascara Bitters, Magnesium Carbonate, Po. Ginger U.S.P. Oil Cassia Cinnamon U.S.P. Calcium Carbonate Pre-cip, U.S.P.

Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate of a special specific standard which in our opinion possesses superior qualities to any other known form of iron. By using other makes of Iron Peptonate we could have put the same quantity of actual iron in the tablets as less than one-fourth the cost to us and by using metallic iron we could have accomplished the same thing at less than one-half the cost; but by so doing we must have most certainly impaired their therapeutic efficacy. Glycerophosphates used in Nuxated Iron is one of the most expensive tonic ingredients known. It is especially recommended to build up the nerve force and thereby increase brain power, as glycerophosphates are said to contain phosphorus in a state very similar to that in which it is found in the nerve and brain cells of man.

As will be seen from the above, two important ingredients of Nuxated Iron are the Peptonate and Glycerophosphates are very expensive products as compared with most other tonics.

Under such circumstances the temptation to adulterate and substitution by unscrupulous persons is very great and the public is hereby warned to be careful and see every bottle is plainly labeled "Nuxated Iron" by the Iron Health Laboratories, Paris, London and Boston, U. S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuxated Iron will not help you. We guarantee satisfaction to every purchaser or your money will be refunded.

Manufacturers' Note: Nuxated Iron which is measured and recommended as to its usefulness is our standard only but one which is well known to distinguish everywhere. Unlike the old iron and iron peptonate, it is easily assimilated, does not prove the tendency to diarrhoea, constipation, etc.

The manufacturer guarantees that the tablets are made of the best and most successful and entirely satisfactory form of iron. It is dispensed in this city by Wm. A. Korman, Evans, Cullinan, Stone, the Alimentaria Pharmacal and all other druggists.

## SAVE MONEY ON SHOES FOR THE WHOLE FAMILY

From Foochow, China, comes this letter from R. E. Gardner, Foochow College: "Neolin Soles have solved the shoe problem for me. Other soles wore out quickly on the rocky roads here, and I had no end of trouble with them," he writes.

Where other soles fail, Neolin Soles always stand the test of hard wear and rough usage. This fact points the way to economy. Buy Neolin-soled shoes for the whole family, and so save shoe money. And have Neolin Soles put on your old shoes, too.

These durable, flexible, and waterproof soles are scientifically made by the Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

Neolin Soles

DON'T NEGLECT A RHEUMATIC PAIN

Go after it with Sloan's Liniment before it gets dangerous

Apply a little, don't rub, let it penetrate, and—good-by twinge! Same for external aches, pains, strains, stiffness of joints or muscles, lameness, bruises, sprains.

Instant relief without mussiness or soiled clothing. Reliable—the biggest selling liniment year after year. Economical by reason of enormous sales. Keep a big bottle ready at all times. Ask your druggist for Sloan's Liniment.

ECMANTIANA—TIN, TIN, TIN

## U. S. CONTROLS AREA FOR ARMY

Takes Over Many Towns In France To Billet Troops Ready for Return to the States.

Wagoner Harold L. Raley wrote the following letter to his parents from La Suze Surthe, France, on December 19, 1918. Raley is on detached duty and will not return with the rest of his regiment. There were 5000 soldiers in the town where he was. His duty is to go ahead of the soldiers and make arrangements for them to put up there when they arrive. His letter reads:

"Everything is going fine and the goose hangs high. I told you about my attachment to the office. So you will not need to expect me home with you.

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose-running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and sniffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

OBITUARY

Mrs. Amsbaugh's Funeral.

Funeral services for Mrs. Elizabeth Amsbaugh, who died Sunday were held this afternoon at 1:30 in the home in Wing street, Rev. Mr. Wright officiated. Burial was made in Cedar Hill.

Miss Fitzpatrick's Funeral.

Funeral services for Miss Ella Fitzpatrick, who died Monday morning will be held Wednesday morning at 10:30 in St. Francis de Sales church. Burial will take place in Mt. Calvary.

Clinton Darst.

Clinton Darst, aged 51, died this morning at his home in Zanesville of Bright's disease, followed by influenza. He formerly lived here going to Zanesville about eight years ago. Besides his wife, he leaves four sons, Orville, Paul, Cecil and Ralph all of Zanesville. Five sisters and one brother also survive. Mrs. F. A. Place, Mrs. S. A. Patterson, Mrs. Clarence Moody and Miss Dolly Darst all of this city. Mrs. Besse Harris, of Columbus and Edgar Darst, who is in France. The body will be brought here Thursday afternoon about 2 o'clock and taken direct to Cedar Hill for burial.

Ir. Earl Barcus.

Ir. Earl Barcus, 19, died at his home 99 Hoover street, Monday evening, following a four months' illness of pneumonia. He is the son of Mr. and Mrs. George Barcus and had been employed at the Welant & Creamer company.

Surviving are the parents and three

sisters—Misses Helen, Lena and Ruth. The deceased was a member of the Central Church of Christ.

In Loving Remembrance

Of Irene May Russell who died February 11, 1918: One sad year of time rolled on.

But still the vacant chair

Recalls the love, the voice, the soul.

Of the one who once sat there.

The flowers I lay upon the grave

May wither and decay

But the love I love for you, dear husband.

Will never fade away.

I look around my lonely home.

I see your vacant chair.

Where oft you sat with listening face.

When I told you all my cares.

But now alas with sorrowing heart

Through life's dark vale I tread, for

The dearest one on earth to me

Lies numbered with the dead.

—Mrs. John Richardson.

Card of Thanks.

We wish to express our sincere thanks to our relatives, neighbors and friends for their sympathy and kind words shown us during the illness and at the death of our beloved husband and father, also Rev. Barbart for his consoling words, the undertaker Mr. Bradley, the singers and all who assisted us in our time of grief, and also all of the friends for the beautiful floral offerings. Mrs. W. F. Henn and children. 2-11-18

Wallace Diment, who has been ill

at his apartments in the Arcade, with

influenza for a week is better and ex-

pects to be able to look after business

in a day or two.

The condition of George H. Anderson of Eureka Street who has been ill for the past four weeks with influenza and who suffered a relapse is very much improved. He is now able to sit up.

The condition of Miss Margaret

Leedle, who was operated upon Satur-

day afternoon at the City Hospital for

an appendicitis, is fair.

After two weeks' illness of the

flu, Mr. Elton J. Fisher and child

John J. Fisher are improved and

able to be up again. Mr. Fisher is still confined to his bed.

Miss Florence Parker of Mt. Vernon, who catches cold often, went

Saturday and Sunday with friends

in the city.

Miss Lillian Lovell, 18, was

stricken with a short illness.

Miss Letitia M. F. of Cleveland, business woman, is in New York

Miss Alice E. Parker of Cleveland, actress, is recovering.

Miss Irene P. Moore of Cleveland, actress, is recovering.

Miss Leila Sprecher of Cleveland, actress, is recovering.

EDGAR F. ALBRIGHT.  
WILLIAM ALLSPAUGH.  
LEO BAKER.

## BRING 'EM BACK.

We must win the rest of the war. The War Savings committee declares that the bravest, if not the bloodiest, part of this country's task is still ahead. The great army is still in Europe and thousands of sailors are still in service. Hundreds of Licking county boys are still "over there."

These men must be supported—nearly 2,000,000 of them. They must be sustained, clothed, fed and made as comfortable and happy as boys so far from home can be made, until they can be brought back.

It will cost as much to bring these men back as it did to take them over. In some ways, it will be a harder task. All the world—except our enemies—wanted them to go over and was willing to help, while no nation but the United States is especially interested in getting them back.

Because of this, we must go with nearly every expensive phase of the war except the fighting phase. Suppose the people of the United States should stop furnishing the government with money now and the boys in khaki and those in blue were deserted—left to suffer, left to shift for themselves and become vagrants and beggars—would it not be the deepest disgrace possible to this nation?

It is to prevent this most impossible thing that the government asks the people of Ohio to invest liberally in War Savings Stamps.

"Bring 'Em Back Clubs" will help "carry on." Friends and relatives of Licking county soldiers and sailors are now organizing "Bring 'Em Back" clubs! It costs the organizer nothing. Telephone or send to the County W. S. S. chairman for an application for a charter.

It is inspiring to hear some former poor man who made a million out of the war, now growling because the government proposes to tax him out of all but a beggarly \$500,000.

A lot of people in all the countries favor the League of Nations idea, provided their own nation can have twice the military force of any other country.

The politicians are looking for the old style presidential candidate who always kept his mouth shut and never did anything to offend anyone.

## WHEN A FAMILY NEEDS A FRIEND

In the Absence of Doctors Nobly Gone to War, After Influenza, the Grippe—

Those wonderfully useful medicines, Hood's Sarsaparilla, Peptilon and Hood's Pills—comprising the new combination family treatment—are warmly recommended.

It takes regularly, Hood's Sarsaparilla before meals. Peptilon after meals, they are reasonably sure to keep family in health and prove to be reliable and always ready friends. They purify the blood, build up strength and regulate the system.

Get up, or get out, as you think you need, from your grippe today.

Hood's Sarsaparilla has been written to us to prove a heavy financial loss to

When a home merchant sells his stuff to his own townspeople, he gets the most thorough test of the value of his goods. If anything doesn't absolutely make good, it comes back to him at once. His customers return to the same place week after week. He quickly finds out whether his material has proved good, bad, or indifferent. He finds out how the goods work in actual use more quickly and thoroughly than the large city department stores of the mail order house.

So some home merchant quickly learns what lines can be depended upon and what can't. The latter he lets out, and places his reliance on the producers who have made good. When you buy of a home store, therefore, you get the benefit of a test of the articles made in your own home town, carefully watched by the man whose interest it is to have sales satisfactory. No test of the value of goods made in any other way can be so dependable.

## TRADE WARS.

Philadelphia Record.) So long as the United States maintains a tariff which is to a considerable extent protective, it is a little awkward for even Democratic senators to denounce the British embargo, but for Senator Keay and Weeks, for whom tariff is too high, to object to British restrictions upon imports is think off is a permanent condition. It is a temporary measure designed to cover the period of readjustment of business to peace conditions. A protective tariff is a permanent condition; it is a tested policy of proscription of foreign merchandise.

The American Free Trade League has sent to Secretary Lansing for submission to the peace conference a memorandum in favor of international free trade. Of course nothing will come of this immediately, but while we are trying to establish permanent peace throughout the world it is a proper time to consider the relation of protective tariffs to international relations. In the course of time something will come of it.

To the protectionists war is an ideal condition, because it cuts off foreign trade. It shuts out imports from an enemy country, and it restricts trade with other countries, either directly or indirectly. When the calamity of peace comes the protectionists clamor for a high tariff, or if they had it, for a higher tariff, as the only available substitute for the blessing of war. Of course it is not so good as war, but it is the only substitute available.

No measure, not even a League of Nations, would do so much to promote international peace as international free trade. If nations are somewhat dependent upon each other they will be much more likely to resort to war. The average size of nations, according to the League of Nations, is small, and it is difficult for a nation to be entirely independent of other nations commercially, because in that case they can make war the least disturbance of their business.

It is not the nation of high wages that needs protection. If any nation needs protection it is the nation where wages are low. America, with high wages, exports vast amounts of manufactured goods of many varieties. A nation like Turkey, which has very low wages, may with some plausibility urge that it needs a high tariff to protect its workers. Turkey has not a high tariff because the European nations have forced it to adopt their products at low rates. But the products of Europe where wages are higher than in Turkey do undersell the domestic products.

The large exports of manufactured goods from this country reduce the amounts of our artificers, and one of these days there will be international free trade, and war will be too great a blow to it to be resorted to by any nation.

## THE SERVICE FLAGS.

(Cleveland Plain Dealer.) There is a demobilization of the military and a demobilization of the industrial. Now it is proposed to have a demobilization of the nation's millions of service flags. The suggestion comes from the war community service of the federal government.

The service flag, with its many variations, has had an honored place in hundreds of thousands of homes. It has known no class distinction nor locality preferences. It has been the one emblem of respect which spoke in a universal language.

Germany is enthusiastic for the "14 points." What it fears is that a fifteenth may be added by the trial jury.

Remember, women, it was only after we "perfect 45°" were included in the draft that the Hindenburg line gave completely away—Chicago News.

No longer at war with Turkey, the United States can the more easily be excused from policing it; our senators will be spared the impasse of debate.

Spurred Republican.

Just as the United States gets ready to extort an immense tonnage in its own ships England shuts down imports.

The Anglo-American alliance is indefinitely postponed—Washington Post.

With the financial needs of churches on the increase, even the cost of getting to heaven has gone up. And as for going to hell, it takes a lot of money to get there in style—Baltimore American.

The Tennessee legislature has invited Hon. Johnstone W. C. McAdoo to do the state's defense of their convention. In this it stands them as a "final and conclusive"—Chattanooga News.

I sincerely knew that the uneducated people, being weather was fine but so hot, just now, when it was until the afternoon was there that it was so hot, this to be the best time as long as the memory of man, the dress of those whose courage and softness

made possible the 20th of April.

## MORE PRISON ROOM.

(Columbus State Journal.) We should not be too hasty in proposing more prison room for criminals. We understand there is now room for 1000 more than is now taken.

In the case of this fact it is doubtful policy for the state to spend an immense sum for a new penitentiary. Of course such a purpose is supported by the belief that the present one is inefficient, if not altogether incapable.

In the case of the state prison, the present one is in a very poor condition.

It takes regularly, Hood's Sarsaparilla before meals. Peptilon after meals, they are reasonably sure to keep family in health and prove to be reliable and always ready friends.

They purify the blood, build up strength and regulate the system.

Get up, or get out, as you think you need, from your grippe today.

Hood's Sarsaparilla has been written to us to prove a heavy financial loss to

Being a parent used to be one of the most simple, natural and inevitable developments in the world. But now, ad yester, one has no business to be married, sleeping, sleeping and waking, one's consciousness of the responsibility—

—Aurora Fischer.

—I. G.WAR SAVINGS STAMPS  
IN NEWARK SCHOOLS

(Saturday Evening Post.)

A correspondent sends us a newspaper clipping about a lecture delivered to a city audience by a man who spoke as the accredited representative of an association engaged in a useful public work. This clipping represents the speaker as having said that less than one-half of 1 per cent of the people of the United States own one-tenth of the country's wealth.

Now that is an illogical statement—as anybody with sufficient intelligence to understand an ordinary newspaper article could ascertain in a few minutes by stepping into the greatest library and consulting the census bureau report on the subject. Those reports, whatever their imperfection in detail, are the basis of every intelligent and honest study of the subject.

About the first thing they show is that nearly one-quarter of the wealth of the United States consists of farm property whose ownership is distributed among some millions of farm families.

A mischievous liar makes an absurd statement, in a conveniently compact statistical form, or some more or less well-meaning idiot deduces one from a statistical dream. It has a startling sound and is taken up and repeated without the slightest inquiry by people who are more interested in starting their day than in conveying the truth. Quite a body of Bolshevik statisticians have recently accepted in that pernicious way.

The young ladies taking an active part in this work find it very interesting. Scrapbooks have been sent to the Walter Reed hospital, Washington, D. C., and to the base hospital at Camp Sherman, being placed in the handcraft division of the reconstruction department where they are found a great help in this work.

A French orphan has been adopted by this circle and the child will be chosen at tomorrow evening's meeting.

OFFICE GIRLS ADOPT  
FRENCH WAR ORPHAN

The regular meeting of the Betsy Ross circle of the patriotic league will be held in the offices of the Licking Creamery company on Tuesday evening at 8:30.

KIRKERSVILLE

Rev. Elmer Guinster of the Ohio Wesleyan University Delaware, Ohio, visited his brother Professor H. J. Guinster here the last of the week.

C. C. Bricker, Joseph Rushon, John Tunison and Isaac Finkbone all have purchased new automobiles within the past week.

The Kirkersville Grange has made plans for a great doings the 14th of February. The affair will be one grand masquerade social with their supper all done up in fine boxes with the cutlery in them that can be obtained from the launders of the thrifty farmers who make up the membership.

This grand doings is an annual affair that smacks the homecoming savor that leaves a pleasantly taste in the mouth of every member and visitor present.

Isaac W. Finkbone has purchased the Moore's Garage in the village and will move his family into the beautifully remodeled dwelling that is located on one of the twin lots of the twin lots of the property. Mr. Finkbone is coming to the town removes his residence from Fairfield county to Licking.

L. O. Anderson and family were in Newark Saturday.

Clarence Timmons is back from the service.

The Crooksville high school boys played a game here against the local team in the fastest and most interesting game since last fall first came to town. The game was the closest and most interesting ever staged on the home front. The score stood back and forth first in favor of one team and then the other.

The Crooksville had a longer and heavier game than the boys and came in on the small end of the score until they became accustomed to the floor.

At the end of the first half the home team stood 12 to 10 in favor, the visitors 12 to 10 in the second half.

During the last half the visitors got the best of the game and won the game.

The Kirkersville boys are set in school transfers and only free from the school board to keep the rapid pace they had to follow for the game.

The visitors won the game and the school board to keep the rapid pace they had to follow for the game.

# Mr. Motorist:

You, as an Automobile owner are interested in getting the best results from your starting and charging system.

You also know that the system works best when its battery is operating successfully.

Why don't you then, make it a point to keep your battery in first class working order all the time? You know a battery very often gives no indication of "going bad," but stops working when least expected.

If you will take a note of the service extended to battery-users at our "Exide" Service Station you will always know the condition of your battery.

We will give you a regular monthly test and advise you regarding its needs if there be any. There is no charge for such a test and it may be the means of saving you a repair bill at some future time.

A visit to our "Exide" Service Station should be made at regular intervals and should not be neglected, for one of the best methods of avoiding battery trouble is to be prepared against it.

Probably you have never called to see us. If so, pay us a visit today and let us show you what "Exide" battery service really means. We have a complete line of new batteries in stock. Let us quote you prices on a new battery for your car. We have an "Exide" battery for every make of car. There is no better time to call upon us than right at this moment.

## STATE OFFERS JOBS THROUGH CIVIL SERVICE

## FOR SALE 200 Acre Farm

I have for sale a 200-acre farm adjoining Licking county line on the west and 260 rods on the Fairfield county line road, and intersecting with the Thornville road some 80 rods. The farm buildings consist of a fine frame house of seven rooms, good bank barn, 40x70 feet, double cornered and wagon shed, sheep barn, 25x21 feet, and garage, also two watering troughs. This farm has drainage to Buckeye Lake, a lake of 30 feet giving the drains an outlet. This farm also has two good wells with gasoline engine power pumps. The location of this farm is such that it gives a splendid view of Buckeye Lake. The soil is rich and productive and is a real value at the price \$150.00 PER ACRE.

For particular call on or address

Paul Bowser, local wrestling champion, will meet Paul Vallis, a Greek expert in the Chamber of Commerce at Columbus, Thursday evening. The principal match will be the Greek-Zyklon, and among the first to witness the fight will be the State Journal said today. "Bowser intends to show no mercy to Vallis or any other opponent. If it is possible for him to win over Vallis than he did from John Ellis he will do so."

Rugby Football.

At the famous school of Rugby, England, originated that form of football, now bearing the name of the school.

An inscription at Rugby reads: "This stone commemorates the exploit of William Webb Ellis, who, with a fine disregard for the rules of football, as played in his time, first took the ball in his arms and ran with it, thus originating the distinctive feature of the rugby game." A. D. ISCR.

## EUGENE ASH BROOK DIES IN FRANCE

## Former Granville Young Man Succumbs to Attack of Heart Inflammation—Was in Medical Unit.

Special to The Advocate)

Granville, Feb. 11.—Eugene Ashbrook, 25, son of William A. Ashbrook and nephew of Congressman W. A. Ashbrook and H. P. Ashbrook, died at 11:30 p. m. Saturday, after a short illness or disease incident to old age.

Cochetown—Mrs. Lydia Lanning, 28, died at her home, Saturday night, at 8:30 o'clock, death being due to peritonitis which developed after an attack of influenza.

Mt. Vernon—The Brotherhood of the Cross and Star church will hold its annual banquet on Tuesday evening at 7:30 o'clock. Prof. C. L. Williams of Granville, will be the guest of honor and will deliver an address.

Young Ashbrook, who was a member of the class of 1917, Denison university, enlisted in Kansas City in medical unit No. 28, the captain in command.

He was promptly placed on duty in the hospital at Fort Riley, Kansas, and remained there until the end of the war.

Arrangements are already in progress to bring the body back to America and to his old home in Granville for funeral and burial.

The funeral will take place at Maple Grove cemetery.

Word comes from Dayton of the sudden death at Thursday of Mrs. H. F. Colby, well known in Granville. Her husband, the late Rev. H. F. Colby, D. D., was for many years chairman of the Denison board of trustees, and their sons, Frank, Henry, Edward and Alfred, all of whom survive, are members of Denison. Funeral services will be held from the family residence in First street, Dayton, last Saturday.

Mrs. Herrick, president, called the Travelers' club to order with the secretary's report and roll call at 2:30 Monday afternoon. Mrs. W. E. Clemons gave a glowing report of the receipt of Christmas stockings sent to France last fall, for the destitute children, and Mrs. Prouty reported the purchase for the club of four War Savings Stamps.

The program on Russian topics which followed awakened lively interest and discussion followed each paper. Mrs. Ella Fraker presented an all round view of "Religious Sects in Russia, among the three divisions of national life—the court, the church and the people.

There are something like 100,000,000

orthodox Greeks in Russia; 12,000,000

Catholics; 6,600,000 Protestants; 1,000,

600 other Christians; 14,000,000 Moslems;

5,000,000 Jews; 2,000,000 Buddhists and Pagans.

Mrs. T. F. Chambers presented "The Jew in Russia," in a really remarkable paper. His terrible sufferings during centuries of persecution, his conversion

place only a few weeks before he sailed for France. He also leaves four brothers and one sister.

He was one of the most popular young men in Granville and the announcement of his death came as a shock to his friends.

Through the influence of friends in Kansas City as well as that of his uncle, Congressman William A. Ashbrook, an effort will be made to have the body sent home. If this proves unsuccessful it is expected that Congressmen Ashbrook will renew the effort upon the occasion of his visit to France which he is contemplating soon. If the body is brought to America, funeral services will be held in Granville and burial will take place at Maple Grove cemetery.

Many doctors and nurses readily recommended Musteroe for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or neck, sprains, strains, sore muscles, bruises, chilblains, frosty feet—colds of the chest (it often prevents pneumonia).

It is always dependable.

30c and 60c jars; hospital size \$2.50.

**She is as popular as ever now that her skin is clear**

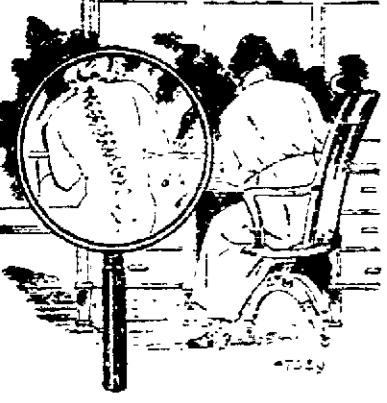

Don't be denied the society of your friends—cooped up in a hot, stuffy house—all because you are ashamed of a skin that is blotchy and disfigured by ugly red spots. This discoloration and pimply appearance may be speedily relieved by Resinol Ointment and Resinol Soap may be obtained at all druggists.

Resinol Ointment and Resinol Soap may be obtained at all druggists.

**Resinol**

**COUGHS & COLDS QUICKLY RELIEVED**

At the first sign of a cold or cough, commence treatment immediately with the best procurable remedy. SCHIFFMANN'S EXPECTORANT is guaranteed to be the best and most satisfactory remedy ever used, or money refunded in case it should not prove so. It is so strongly concentrated that 50 cents worth makes 64 teaspoonfuls, when mixed at home with honey or sugar syrup. Positively contains no Chloroform, Opium, Morphine or any other narcotic. Please to take and children are fond of it. Druggists everywhere will refund money if it does not give perfect satisfaction, or is not found the very best ever used for Coughs, Colds, Bronchitis, Croup, Whooping Cough or Hoarseness. You will be the sole judge and under this positive guarantee absolutely no risk is run in buying the remedy.

### Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid soap; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and irritation of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, oily and soft and look and feel a hundred times better.

You can't buy soap at any drug store. It is inexpensive and never fails to do the work.

**THE DANGERS**

that arise from self-treatment of the spinal column are not to be overlooked.

Pressure on the spinal column resulting from the vertebral column becomes ill and stiffens.

**CHIROPRACTIC ADJUSTMENTS**

rely upon the spinal column as the only true way to health, and to know how others have been treated.

**NEWARK MEN WILL SPEAK IN COSHOCOTON**

Philip L. Boggs of the Standard, Dr. C. H. Spencer, editor of The Newark Daily Advocate, and the Newark Night Journal, will be the speakers. The meetings will be held at the Park Hotel.

"I would like to give them a hearty ovation," quoted the Wise Guy. "Especially where the gift of gab is concerned," added the Simple Mug.
